

# Ameren Missouri Pay As You Save Program

Rebates valid between January 1 and December 31, 2026.

Pay As You Save Rebate Measures	Rebate
<b>Heating and Cooling Rebates*</b>	
Mini-Split Air Conditioner or Heat Pump – 19+ SEER2	\$500 per ton
ASHP Dual Fuel – 15.2+ SEER2	\$2,000 per system
Central Air Conditioner – 15.2+ SEER2	\$1,000 per system
Air Source Heat Pump Replacing Air Source Heat Pump – 15.2+ SEER2	\$2,000 per system
Air Source Heat Pump Replacing Electric Resistance – 15.2+ SEER2	\$2,000 per system
Air Source Heat Pump (No Existing Central System) – 15.2+ SEER2	\$2,000 per system
Ground Source Heat Pump – 23+ EER	\$5,000 per system
Smart Thermostat – ENERGY STAR® or on Approved List	\$250 per thermostat

\*HVAC: At least one of the following conditions: the AC unit was installed at least 10 years prior to the program appointment, AC efficiency is rated 14 SEER or less, and the AC is no longer working. Subject to the Eligible Scenarios Chart (AHRI Rated).

To be eligible for HVAC or weatherization rebates you must participate in tier 4 of the PAYS program. Rebates will reduce the total cost of the upgrades. Must have lived in the home for the past 12 months to allow for a usage analysis

# Ameren Missouri Pay As You Save Program

Rebates valid between January 1 and December 31, 2026.

## Pay As You Save Rebate-Eligible Scenarios Chart

Existing Equipment	New Equipment								
	CAC with non-electric heat	CAC with electric heat	CAC only	ASHP (no gas backup)	ASHP (dual fuel with gas backup)	GSHP	GSHP (dual fuel with gas backup)	Ductless mini-split heat pump*	Ductless mini-split AC*
CAC and gas furnace	\$1,000		\$1,000		\$1,000		\$5,000		\$500/ton
CAC and one of the following: propane, wood burning, or other non-regulated fuel	\$1,000		\$1,000		\$1,000		\$5,000		\$500/ton
CAC and electric furnace		\$1,000	\$1,000	\$2,000		\$5,000		\$500/ton	\$500/ton
CAC (no central heat)		\$1,000	\$1,000	\$2,000		\$5,000		\$500/ton	\$500/ton
Room AC (no central heat)		\$1,000	\$1,000	\$2,000		\$5,000		\$500/ton	\$500/ton
ASHP (no gas backup)		\$1,000		\$2,000		\$5,000		\$500/ton	
ASHP (dual fuel heat pump with gas backup)	\$1,000				\$2,000		\$5,000		
GSHP (no gas backup)		\$1,000		\$2,000		\$5,000		\$500/ton	
GSHP (dual fuel heat pump with gas backup)	\$1,000				\$2,000		\$5,000		
Mini-split heat pumps		\$1,000		\$2,000		\$5,000		\$500/ton	
Mini-split AC (no central heat)		\$1,000		\$2,000		\$5,000		\$500/ton	\$500/ton

- Rules:**
- New construction is not permitted. The space that will be conditioned by the new equipment must have been conditioned for the past 12 months to allow for a usage analysis.
  - To qualify for PAYS financing, the usage analysis must demonstrate that the project will result in estimated savings.
  - To be eligible for the rebate, the new equipment must meet efficiency requirements as listed on the rebate chart.
  - Ameren Missouri does not promote fuel switching or load building. The aim of this program is not to encourage customers to use a different fuel source but to subsidize part of the cost of a more efficient unit once a fuel source has been selected.
  - A home with existing non-electric heat must maintain that heat source (as primary or backup) in order to be eligible for the program.

\*Mini-split systems can be installed in spaces that have been conditioned for at least 12 months without removing existing equipment.
